

ENCINAL YC JUNIOR SAILING

2019 JUNIOR SAILING OPEN HOUSE • SPRING AND SUMMER REGATTA SCHEDULE

A very Happy New Year!

2018 was extraordinary — and filled with an exceptional group of young sailors that made up our teams. Representing EYC with pride as they attended events in the C420, Laser, CFJ and Opti, they achieved overall victory in the 2018 Summer Bay Area Youth Sailing (BAYS) series, soring into the 2018-2019 HS and Winter BAYS seasons.

Fall 2018 didn't slow down as the High School Sailing program was at full speed ahead. EYC was home to 86 sailors on 14 high school teams from all over the Bay Area. Capabilities ranged from advanced veterans to beginners, and all were brought together through the passion of sailing. Sailors saw more water time than ever, with more practice offered during the week and on the weekends, and allowed us to exert an extremely strong presence during the season. In addition to logging more practice hours on the water, our teams have been attending more challenging events whenever possible. With a strong presence at all NorCal regional and PCISA district level regattas, these CFJ (double-handed) regattas have sent sailors to both the PCISA Singlehanded Pacific Coast Championship (sailed in Laser Full and Radial), hosted by the U.S. Sailing Center in Long Beach, as well as the PCISA Keelboat Challenge (sailed in J22s), hosted by the San Diego Yacht Club. We're so proud of how our sailors have conducted themselves this fall — we can't wait to see what they'll do in the Spring 2019 semester as they consider the kind of dividends that result from hard work and consistency.

EYC Race Team sailors also enjoyed more water time, carrying the momentum from summer and continuing the challenging demands of racing at a higher level. Several of our C420, Laser, and Opti sailors attended national events — Laser Pacific Coast Championship at the Gorge, Laser North Americans, Opti West Coast Champs, Opti Pacific Coast Championships, Opti USODA MidWinter Championship, and a European Opti event in Belgium. Sailors from all of our race team fleets (CFJ, C420, Laser, and Opti) should be filled with pride from their collective performance during our local Summer (BAYS) series. We attended the five events and raced our hearts out at each venue (Richmond YC, EYC, Peninsula Youth SF, San Francisco YC, and Treasure Island SC).

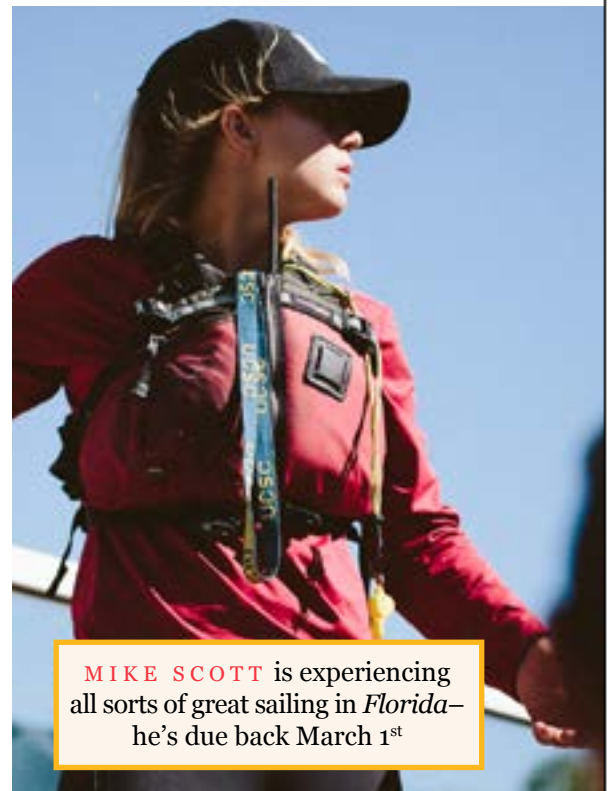

The Encinal Junior Sailing program is extremely pleased to represent Encinal Yacht Club, and we cannot thank the Club and its members enough for the support — we're thrilled to be able to represent such a fine group of people when we attend regattas. Please feel free to stop by if you see us around the yard during practice, or to volunteer for one of our exceptional events in **2019!** — *Ellie Glenn*

Sunday, March 3rd

Junior Sailing Open House

Refreshments! Sail rides! Club tours!

Come see what the best Junior Sailing program in the Bay Area is all about! Learn more about beginning to advanced sailing for children 6-18; meet junior sailors and their parents; relax by the pool, and meet our certified and friendly sailing instructors! **Questions?** Email us at eycjrsevents@gmail.com; Sign-Up Genius link to volunteer is [here](#)
